

Attn Grocery Manager:

We love Indulge Right products and want to see it here! They are sinfully delicious and guilt-free, offering a healthy complete meal alternative. The products are free of ??? perfect for people with food allergies and sensitivities.

My family loves Indulge Right products and would like to be able to purchase them from your store. I understand shelf space is limited but Indulge Right products are for the whole family including those with special dietary needs and those looking for “free from” products.

If you put Indulge Right products on the shelf I will spread the word to help others discover them at your store too.

For distribution or other information, you can contact info@indulgeright.com, call 888-556-8550 or visit the website at www.IndulgeRight.com.
